2019 Edition of the ASEAN PPP Summit

The Public-Private Partnership Model and its Merits in Attracting Foreign Direct Investments

Now in its second edition, the annual leading forum on infrastructure investment in Southeast Asia provides a high-level platform for sharing knowledge and fostering business opportunities in the ASEAN Region. The Summit sets the stage for informative keynote speeches and panel discussions on topics such as:

- PPP policies and legal framework
- Policies on foreign direct investment
- Financial structures and credit enhancement
- Arbitration in international project finance
- Market entry strategies and bid management
- Capital project management
- Smart infrastructure for regional competitiveness

Our distinguished speakers will be dignitaries and ministers of the host Government and of other ASEAN member states, as well as global business leaders.
